

NEW LIGHTER, MORE POWERFUL, QUICKER ARIES 5 PORTABLE OZONE GENERATOR

ARIES 5 Specification:

Ozone output:	1000 mg/hour
Dimensions of case:	420 x 355 x 185 mm
Weight:	4.5 kg
Electrical Supply:	240v – 50Hz
Digital Timer:	30 minutes adjustable
Timer:	Electronic push button
Cabinet casing	Stainless steel
Air pump	Low noise
Non-Return Valve	Ozone Outlet

Watership Down produced the world's first ozone generator designed for use with bottled and point of use water coolers. From those early days Watership Down is still the market leader selling to over 20 countries around the world.

The Aries 5 is the latest in the line of machine to help the water cooler and vending industry in achieving very high quality sanitisations in a very quick and easy operation.

The Aries 5 is a kilo lighter, more powerful, quicker to sanitise than the Aries 2. It now has a stainless steel casing, with an electronic touch control timer pad fitted inside a IP55 double skinned ABS case. The Aries 5 has been designed with the sanitizer or engineer in mind. With more room to fit your cleaning equipment, FAST AND EFFICIENT most water coolers can now be sanitised in 4 minutes. It will withstand rough handling when being carried in the work's vans.

Ozone kills most bacteria and viruses including MRSA, Norovirus, Pseudomonas Aeruginosa, E-coli 157, Legionella pneumophila, Campylobacter Jejuni, Salmonella Enterica and Staphylococcus Aureus.

OTHER TYPICAL APPLICATIONS

The Aries can be used in conjunction with an air-stone for sanitising water tanks and containers. The Aires 5 can also be used to greatly reduce bacterial and viral contamination in rooms. The Aries is also very good at removing odours from smoking, fire and flood damage It will remove the smells of urine in care homes and veterinary surgeries. There are many applications for the Aries 5 Ozone generator. Please visit our web site to see some of the test reports we have on the effectiveness of our ozone machines
