- Main Casing dimensions 960 mm to sink (h) 320mm (d) x 640mm (w). Junior sink height 710mm
- Stainless Steel sink double thickness 1.2mm WITH 5 YEAR WARRANTY AGAINST VANDAL DAMAGE
- Wall and Floor fixing
- All water contact parts made from WRAS approved fittings or materials.
- Can be manufactured in 316L stainless or a range of colours.

RHINO has been designed to withstand very heavy wear and tear. The extra thick 1.5mm stainless steel single panel construction will help to reduce damage from vandalism. The VANDAL PROOF push button self-closing glass fillers are warranted against damage and as it cannot swivel, will greatly reduce the chances of flooding.
